

King County Law Library E-News

July 2008 - Volume 6, Issue 6

New Blog – KCLL Klues: Washington State Legal Research

The King County Law Library will be replacing its news feed with a web blog, a journal of tips and tricks for researching legal issues and news that may interest our library users. We will include stories about new books, technology tips, research hints and more. You will need to visit our web site to subscribe to the blog, as the feed information will change. You can find the instructions on the web site once the change is made. You can still read the feed by simply visiting our web site. The new blog will debut on August 1st. Come and check it out at www.kcll.org.

Training Classes in August

KCLL is offering one of our most popular classes this month, **Skip Tracing: Public Sleuthing**. We have added investigation techniques for finding social networking information to the presentation. The session will be held Friday, August 15th, from Noon until 1:30 PM. Call us at 206-296-0940 to reserve your spot!

Join us at the end of August for **Beginning Westlaw Searching**, Friday, August 29th at Noon.

Check out our current [training calendar](#) for our classes. We hold all training in the Seattle KCLL location at 516 3rd Ave, Suite W-621. All classes are free-of-charge. If you want us to bring any class to your location, please contact us and we will see if we can accommodate you.

Tech Tip: Social Networking

In the context of computers and the Internet, “social networking” is the process of sharing personal information with other people via a web site that is specifically designed to make it easy to share text, music, videos and other data with members of the same site. Thousands of social networking sites exist today. Some focus on a particular subject or common interest while others simply exist to allow people to communicate with one another. Typically, members create a user profile through which they share personal information. Profiles can be connected in a variety of ways to create “friends” groups that form subsets within the greater social network scheme. Popular social networking sites include Facebook, MySpace, Friendster, Tagworld and Tagged.

Podcast News

[KCLL's SideBar](#), the library's podcast service, has new episodes online.

Episode 20: Searching for Free Case Law

Good free case law web sites with reviews of a few of these sites. Rick and Mari of our staff created a screen cast tutorial on [how to search the LegalWa web site](#). Craig, in “The Reel Verdict,” discusses “The Paper Chase.”

Episode 21: Protecting Yourself against Identity Theft

Steps you should take if you think you may be a victim of identity theft and protecting yourself from becoming a victim. Craig, in his “Reel Verdict” commentary reviews the movie “The Net.”
